

Sport Jamboree Application

The Board of Governors has approved the conducting of sport-specific jamborees. The Jamborees are a **one-day event and must be within one week before the date listed for the start of game-play in a particular sport.** The purposes of the jamboree are:

- To introduce new student-athletes to a higher level of play as they play a sport for the first time;
- To allow for safety issues to be addressed for sports before the season starts;
- To allow for game-like situations to be introduced before the actual start of league play;
- To allow for teaching to take place without the pressure of a game situation;
- To allow coaches to be on the field/court/ice to direct drill sequences;
- To introduce new rules that may have come into effect.

These jamborees are **not** to be conducted as games and tournaments. Scores are not to be kept and all participants should to be given equal participation time. These are meant as learning opportunities for all student-athletes. The jamboree must involve **at least three NSSAF member schools.** The host school agrees to forward all infractions that may result in suspensions to the appropriate Regional Director of the NSSAF.

Application Form – 2015-2016

Name of school hosting _____

Contact person _____ Phone _____ Cell _____

Contact Person's Email address _____

Names of NSSAF member schools invited (3 or more) _____

Sport _____

Date of Jamboree (within 1 week of start of season – 1 day only) _____
